

FEBRUARY 2021 REPORT

Greetings all in Jesus name, I am taking this opportunity to thank our Almighty God for the gift of life and good health that He has awarded us throughout this month of February. The Call of Molo Feeding Program has been running smoothly all thanks to God.

FEEDING PROGRAM

Currently in our feeding program we have 56 pupils (students) from all the 3 schools. This month one Purity Nyatero from Kambala Primary withdrew from the program after her family relocated to Sachang'wan and after that we added 4 other pupils (students) to the school to make it total of 13. For full report, refer to the Social worker's report.

On 30th/01/2021 we conducted guidance and counseling sessions for teenagers under the C.O.M feeding program. It was attended by 27 pupils (students) from all the 3 schools and Advisory Board members and staff members facilitated the sessions, later on they were awarded with donations of sanitary towels to the girls and underwear's for both genders, there was also clothes and shoes. Thank you everyone who participated in one way or another to make this day a success.

FARM REPORT

I am glad to report that 'Zawadi' the cow, is doing well and growing healthily, we are planning on expanding Napier grass plantation to be able to feed her without sourcing from outside. Our trees and flowers are also growing well, the crops in the farm i.e. beans and peas are doing well and ready to be harvested within next month. We are Praying and hoping for rains which hasn't been sufficient in the past few months.
