‘finally! fruition to the vision’

Through it all,
through it all,
I've learned to trust in Jesus,
I've learned to trust in God.
Through it all,
through it all,
I've learned to depend upon His Word.
I thank God for the mountains,
and I thank Him for the valleys,
I thank Him for the storms He brought me through.
For if I'd never had a problem,
I wouldn't know God could solve them,
I'd never know what faith in God could do.

(songwriter: Andrae Edward Crouch)

It is said that the journey of a thousand miles begins with one step. In 2018, there was a hold from registering children's homes in Kenya and therefore we were not able to be registered. We however got our certificate for the feeding program which has been ongoing, and we are currently serving 60 children with hot meals for lunch. It's been such a spiritual battle to get us registered to have vulnerable children of Molo, reside in Call of Molo. On July 7th 2021, the Area Advisory Committee, which includes the Molo Public Health team together with Children officers/welfare a team of twenty people visited Call of Molo and carried out an inspection of the premises. On August 12th 2021, the Area Advisory Committee approved with no objection that Call of Molo be registered for the children to start residing in the home. Glory to God!! Our God made a way where there seemed to be no way. We have a boy and two girls already in the Call of Molo home that joined us this September.

Habakkuk 2:3 For the vision is yet for an appointed time, but at the end it shall speak, and not lie: though it tarry, wait for it; because it will surely come, it will not tarry.

Above is pictures of 3 pioneer kids to call, Call of Molo home. Their names; David, Brenda and Mercy. Please pray for them as they receive love from above in this home, and that God be glorified in their lives now and forever more.

July 8th to July 20th, Emily P., Nicole H., Alexis H, and myself (Zippie) as shown on the flew to Molo Kenya for a mini missions trip. It was a fruitful mission's trip despite that traveling in the pandemic was more stressful than ever, the e-visas, need for covid negative results to and from, staying masked up for hours on end...etc. We helped do daily chores, helped with farming, feeding the cow, milking it, preparing food and serving it to the children. The picture on the right is St. Mary's Primary School children.

Thank you very much to everyone who supports Call of Molo by prayer, donations of clothing, shoes, supplies and funds, those that continue to give of their services, time, skills and expertise. Your giving is not in vain as it blesses a vulnerable child in Molo, fills their belly, and enables them to come to school to receive education which in return gives them hope for a better tomorrow.

Special thanks go to the Board of Directors, Advisory Board, NLCC, COM staff workers and my family and friends for your continued support. Below is a picture of Paul Gachichio. Please keep him in prayers
